Personal Protective Equipment Required

COSHH Risk Assessment:

Part Number: 263059-UAD

							Dust Mask	Visor	Respirator	Goggles	Gloves	Overalls	Footwear	Other
			√	√	√	√	

Additional Information: Eye protection is necessary where liquid could be splashed or sprayed. Avoid the formation of mists in the atmosphere. If this material is handled at elevated temperature or under mist forming conditions, approved respiratory protection equipment should be used. Wear appropriate mask

First Aid Measures	
Inhalation:	When symptoms occur: go into open air and ventilate suspected area. Assure fresh air breathing. Allow the victim to rest.
Skin Contact:	Rinse skin with water/shower. Wash contaminated clothing before reuse. Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.
Eye Contact:	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if pain, blinking or redness persists. Rinse immediately with plenty of water.
Ingestion:	Rinse mouth. Call a POISON CENTER or doctor/physician if you feel unwell. Do NOT induce vomiting. Obtain emergency medical attention.

Storage

Store in original container. Keep container closed when not in use. Store in a dry, well ventilated place away from sources of heat, ignition and direct sunlight. Keep in fireproof place.

Spillage

See SWP-19. May be dangerously slippery if spilled. Clean up any spills as soon as possible, using an absorbent material to collect it. Collect all waste in suitable and labelled containers and dispose according to local legislation. Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect spillage.
Store away from other materials.

Disposal of Substance & Contaminated Containers

		√		
Hazardous Waste	General Waste	Return to Depot	Return to Supplier	Other

Additional Information: Do not empty into drains, Avoid release to the environment. Empty containers should be taken for recycling, recovery or waste in accordance with local regulation.

Is exposure adequately controlled	Yes √	No
