TOYOTA

MATERIAL HANDLING

COSHH Risk Assessment:

Part Number: 130036PRO

Name of Substance involved in the process *(a copy of the current safety data sheet is available)*	Shell Spirax S4 TXM	Pseudonym	Transmission Oil
Describe the activity or work process & exposure *(Inc. how long/how often this is carried out)*	FLT Maintenance Use: Daily	Location of process being carried out	Customers Site & Toyota Workshops

Identify the persons at risk	Team members	√	Sub-contractors		Customer Team member	√	Public	

Labelling Elements

 ☐ Explosive

 ☐ Health Hazard

 ☐ Serious Health Hazard

 ☐ Oxidising

 ☐ Corrosive

 ☐ Acute

 ☐ Flammable

 ☐ Environmental

 ☐ Gas

Not Classified

Hazard Type

☐ Gas	☐ Vapour	☐ Mist	☐ Fume	☐ Dust	√ Liquid	☐ Solid	☐ Other

Additional Information: Highly refined mineral oils and additives.

Route of Exposure & Possible Symptoms

☐ Inhalation	√ Skin	☐ Eyes	√ Ingestion	☐ Other

Additional Information: Irritant

Control Measures

Use local exhaust ventilation if there is risk of inhalation of vapours, mists or aerosols.
Avoid prolonged or repeated contact with skin. Avoid inhaling vapour and/or mists.
When handling product in drums, safety footwear should be worn and proper handling equipment should be used.
Properly dispose of any contaminated rags or cleaning materials in order to prevent fires.
Keep container tightly closed and in a cool, well-ventilated place. Use properly labelled and closeable containers.

Personal protective equipment (PPE) should be worn. No respiratory protection is ordinarily required under normal conditions of use. Ensure appropriate spill kit is available to contain any unplanned spillage.

This product poses no significant risk if used as intended in the amount anticipated, and manufactures instructions are followed.

Is health surveilance or monitoring required?	Yes ☐	No √

Additional Information:

First Aid Measures	
Inhalation:	No treatment necessary under normal conditions of use. If symptoms persist, obtain medical advice.
Skin Contact:	Remove contaminated clothing. Flush exposed area with water and follow by washing with soap if available. If persistent irritation occurs, obtain medical attention.
Eye Contact:	Flush eye with copious quantities of water. If persistent irritation occurs, obtain medical attention.
Ingestion:	In general no treatment is necessary unless large quantities are swallowed, however, get medical advice.

Storage
Keep container tightly closed and in a cool, well-ventilated place. Use properly labelled and closeable containers. Store at ambient temperature.
Spillage
See SWP-19. Slippery when spilt. Avoid accidents, clean up immediately. Prevent from spreading by making a barrier with sand, earth or other containment material. Reclaim liquid directly or in an absorbent. Soak up residue with an absorbent such as clay, sand or other suitable material and dispose of properly.
