Additional Information:	
First Aid Measures	
Inhalation:	Allow affected person to breathe fresh air. If symptoms persist, call a physician.
Skin Contact:	Remove contaminated clothing. Rinse immediately with plenty of water. Seek medical attention if ill effect or irritation develops.
Eye Contact:	Rinse immediately and thoroughly, pulling the eyelids well away from the eye (15 minutes minimum). Remove contact lenses, if present and easy to do. Continue rinsing. Contact ophthalmologist immediately.
Ingestion:	If swallowed, rinse mouth with water (only if the person is conscious). Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. Never give anything by mouth to an unconscious person.

Storage
Store in original container. Keep container closed when not in use. Store in a dry, well ventilated place away from sources of heat, ignition and direct sunlight. Keep in fireproof place. Keep stock levels to as minimum as possible. Keep away from sources of ignition.
Spillage
See SWP-19. May be dangerously slippery if spilled. Clean up any spills as soon as possible, using an absorbent material to collect it. Collect all waste in suitable and labelled containers and dispose according to local legislation. Avoid release to the environment. Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.
Disposal of Substance & Contaminated Containers
