Additional Information: May produce an allergic reaction. May cause skin dryness and irritation.

Control Measures

Flammable liquid and vapour. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

Wear PPE as listed below. Eating, drinking and smoking is prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas.

Avoid breathing vapour or mist. Use only with adequate ventilation. Wear appropriate respirator if ventilation is inadequate.

Use non-sparking tools. Take precautionary measures against electrostatic discharges. To avoid fire or explosion, dissipate static electricity during transfer by earthing and bonding containers and equipment before transferring material.

Materials such as cleaning rags, paper wipes and protective clothing should be stored in purpose-built containers or in metal containers with tight-fitting, self-closing lids. Contaminated materials should be removed from the workplace at the end of each working day and be stored outside.

This product poses no significant risk if used as intended in the amount anticipated, and manufactures instructions are followed.

Additional Information:

First Aid Measures	
Inhalation:	Remove to fresh air. Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel.
Skin Contact:	Remove contaminated clothing and shoes. Wash skin thoroughly with soap and water or use recognised skin cleanser. Do NOT use solvents or thinners.
Eye Contact:	Remove contact lenses, irrigate copiously with clean, fresh water, holding the eyelids apart for at least 10 minutes and seek immediate medical advice.
Ingestion:	If swallowed, seek medical advice immediately and show the container or label. Keep person warm and at rest. Do NOT induce vomiting.

Storage

Keeps stock levels to a minimum. Store in a well-ventilated place. Keep cool, between the following temperatures: 5 to 25°C (41 to 77°F). Keep in the original container, kept tightly closed when not in use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Store away from heat, sparks, open flame or any other ignition source.

Spillage

See SWP-19. Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Dispose of via a licensed waste disposal contractor.
