Approval: QSE Team

COSHH Risk Assessment:

Part Number: ZG-90 (Warrington Only)

This product poses no significant risk if used as intended in the amount anticipated, and manufactures instructions are followed.

Is health surveilance or monitoring required?	Yes ☐	No ☑

Provide details:

Personal Protective Equipment Required

							☐	☐	☐	☑	☑	☑	☐	☐
Dust Mask	Visor	Respirator	Goggles	Gloves	Overalls	Footwear	Other

Additional Information: No respiratory protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.

First Aid Measures

Inhalation:	If inhaled remove person to fresh air and keep comfortable for breathing. Call a poison centre or doctor/physician if they feel unwell.
Skin Contact:	Take off contaminated clothing and wash before reuse. If on skin: wash with plenty of soap and water. If skin irritation occurs get medical advice/attention.
Eye Contact:	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Ingestion:	If swallowed do not induce vomiting because of risk of aspiration into the lungs. If aspiration is suspected obtain immediate medical attention. If you feel unwell, seek medical advice (show the label where possible) if symptoms persist always call a doctor.

Storage

Pressurised container, protect from sunlight and do not expose to temperatures exceeding 50 degrees centigrade. Keep out of reach of children. Keep away from heat and sources of ignition. Store locked away in COSHH cupboard when not in use.

Spillage

See SWP-19. Keep out of drains, sewers, ditches and waterways. Absorb spillage in suitable inert material. Place in appropriate container. This material and/or its container must be disposed of as hazardous waste.

Disposal of Substance & Contaminated Containers
