Additional Information:	Eye protection should only be necessary where liquid could be splashed or sprayed						

First Aid Measures	
Inhalation:	Allow affected person to breathe fresh air. If symptoms persist, call a physician.
Skin Contact:	Remove contaminated clothing. Rinse immediately with plenty of water. Seek medical attention if ill effect or irritation develops.
Eye Contact:	Rinse immediately and thoroughly, pulling the eyelids well away from the eye (15 minutes minimum). Remove contact lenses, if present and easy to do. Continue rinsing. Contact ophthalmologist immediately.
Ingestion:	If swallowed, rinse mouth with water (only if the person is conscious). Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. Never give anything by mouth to an unconscious person

Storage
Keep away from sources of ignition - No smoking. Store in original container. Store in a dry, well-ventilated place away from sources of heat, ignition and direct sunlight. Keep container tightly closed. Keep container closed when not in use. Store at room temperature.
Spillage
See SWP-19. May be dangerously slippery if spilled. Clean up any spills as soon as possible, using an absorbent material to collect it. Collect all waste in suitable and labelled containers.
