Additional Information:

Control Measures

Use in accordance with the instructions on the packaging. Keep stock levels to as minimum as possible. Ensure spill kits are available prior to use and clean up spills immediately. Wear appropriate PPE at all times. Do not eat, drink or smoke when using this product. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Take off immediately all contaminated clothing and wash it before reuse. Separate working clothes from town clothes. Launder separately. Ensure good ventilation of the work station. Do not breathe vapours.

This product poses no significant risk if used as intended in the amount anticipated, and manufactures instructions are followed.

Is health surveilance or monitoring required?	Yes	No

Dust Mask	Visor	Respirator	Goggles EN 166.	Gloves EN374	Overalls	Footwear	Other

Additional Information:

First Aid Measures	
Inhalation:	Remove person to fresh air and keep comfortable for breathing. Obtain medical attention if breathing difficulty persists.
Skin Contact:	Remove contaminated clothing. Wash skin with mild soap and water. If symptoms persist, call a doctor.
Eye Contact:	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Consult an ophthalmologist if irritation persists.
Ingestion:	Rinse mouth out with water. Do not induce vomiting. Get medical advice/attention.

Storage
Store in tightly closed containers. Keep out of reach of children
Spillage
See SWP-19. Take up liquid spill into inert absorbent material. Use handling and disposal procedures appropriate for the absorbent material used. Collect all waste in suitable and labelled containers and dispose according to local legislation.
Disposal of Substance & Contaminated Containers
